## Aldermen square off on sewer treatment plant changes

A mayoral candidate's allegations that improvements at the city's sewer treatment plant will not increase capacity is garbage, according to a local alderman.

At Tuesday's city council meeting, Alderman Drew Allen, chairman of the city water/sewer committee, took exception to printed reports from Alderman Dave Borders in which Borders claims renovations at the plant will not result in increased capacity.

Borders' comments appeared in relation to questions concerning he would make in the city if his mayoral race is successful.

Borders was quoted as saying he spoke with the Illinois Environmental Protection Agency and Allen, but Allen denies Borders ever spoke with him.
